Simplo Automotivo 2011 Esquemas Diagramas [ISO]. xhdmi.tar.lz. RETESTE. Editar.The Original Slut (novel)

The Original Slut is a novel written by Alison Bechdel which parodies a variety of film noir and the film industry, as well as its representation of women. It was first published by Random House in 1992. Background The Original Slut was written by Bechdel for her feminist newspaper comic strip Dykes to Watch Out For. The comic strip was published from 1987 to 1990, and centered on and depicted women in a variety of situations and roles.

Bechdel's aim with The Original Slut was to parody the film industry and its stereotypes of women. Plot The novel tells the story of Emma Dumont, who works as a private detective for her friend Lydia. She solves her cases mostly by tricking men into confessing to crimes they didn't commit, and by seducing them. These stories are told by Emma to a young student, Randy, after he has overheard an episode of The Turning Point, which deals with many of

the same themes that are central to *The Original Slut*. At the end of the book, Emma goes on a double date with Randy and Lydia. Major themes The novel is split up into four acts, loosely based on the four seasons of the year. In each act, Emma's life, work, and relationships are scrutinized and compared. Through these acts, Bechdel wants to show the audience how the film industry works. The fictional film industry is made up of film studios owned by men; this fact is mirrored in real life. The novel illustrates that the average woman is only ever seen as a sexual object on film, and the more sex she has, the more attractive she is. It satirizes the industry's view of women by juxtaposing films of beautiful naked women to films of women dressed in plain clothes and in shadow. Literary significance and criticism Many critics agree that *The Original Slut* is a feminist novel because it focuses on the "ridiculousness of 3e33713323
