Clean your phone's storage with Disk Cleaner. This Android cleaning app can empty caches, junk files, and more. It's also a compact disk, music, and video organizer, and an audio and video player. Disk Cleaner Features: ✓ Empty Trash: When you're done organizing your apps, files, and data, just tap the gear button in the toolbar and select Empty Trash. This cleans up every file in the Caches and Thumbs directories, so your phone and tablet will be ready to organize a whole lot faster. ✓ Cache Manager: Disk Cleaner also has a cache manager to clean your apps' cache. Apps that don't use the Android APIs to clean their cache can slow down performance. You can also use Disk Cleaner to wipe your data remotely, if you're concerned about a malware attack that's deleted your cache. ✓ Disk Permissions Fixer: If the Disk Cleaner app tells you that you have no permissions to use a disk directory, it's most likely because of corrupted or uninstalled apps. This is a great way to reclaim some of your disk space, without needing to root your phone or tablet. ✓ Battery Saver: Having trouble with battery drain on your Android device? Disk Cleaner can help. We've got an algorithm that can detect programs that are using more power than others, and block them. The result is your battery lasts longer when you need it the most. ✓ Video Player: Files and video can feel weighty on your phone. Disk Cleaner's been optimized for playing all sorts of media including movies, videos, music, and more. ✓ Audio Player: The music on your Android device can add up. Disk Cleaner lets you clean up your music library, free up space, and improve performance. ✓ Music Manager: All your songs, albums, and playlists will fit neatly on your SD card or internal memory. ✓ Air Play: If you're a music fan on your computer, your Android device, or tablet, use Air Play to stream your collection to your speakers or other receivers. ✓ Auto-Clear: Clean up your phone when you're not using it, or when you're backing up. ✓ Use Disk Cleaner: This is a matter of personal choice. If you're a power user, you'll like the options Disk Cleaner gives you to customize your experience. Other Disk Cleaner support features: ► More cleaning options:
